MLS® #202403373

\$2,575,000

3 Bedroom, 4.00 Bathroom,
Residential on 2.50 Acres

N/A, Santa Fe, NM

Welcome to your new dream home, where contemporary style meets Santa Fe vibes in perfect harmony. Tucked away on a quiet street in La Tierra, this home—designed by architect Lionel Morrison—is like finding the ultimate hidden gem. Imagine modern luxury, jaw-dropping sunsets over the Jemez Mountains, and floor-to-ceiling windows that make every evening feel like a front-row seat to nature's best show. Step inside, and you™re greeted by a view that stretches all the way to the horizon, where a sleek reflecting pool and those iconic western skies steal the spotlight. Clean lines, open spaces, and the coolest blend of indoor-outdoor living are what this home is all about. And then there's the kitchen—a foodie™'s paradise! Think double Miele dishwashers (because one is never enough), a Thermador induction range that basically cooks for you, a Zephyr wine fridge for your finest vintages, and Miele double ovens for when you're feeling fancy. Not to be outdone, the living space is a vibe all its own—open, airy, and waiting for you to slide open those giant doors to the west-facing patio. Each of the 3 bedrooms has its own private ensuite bathroom, so everyone feels like they™re staying in a five-star hotel. The primary suite is a legit sanctuary. Picture yourself soaking in the tub after a long day, or taking your pick of double walk-in closets, double water closets, and double showers. The floor-to-ceiling windows, complete with motorized shades, flood the space with natural

light and connect you to the expansive patio—perfect for dining al fresco or just lounging as the sun melts into the mountains. And don’t worry, this beauty isn’t just about looks. It’s got brains too. With a solar system to keep things eco-friendly and an in-floor radiant system that heats and cools with the seasons, you’re set year-round. There's an EV charging station in the 3-car garage. Bonus? Most of the chic furniture comes with the home. So yeah, it’s basically move-in ready, unicorn-style!
