6 Bedroom, 6.00 Bathroom,
Residential on 1.99 Acres

N/A, Santa Fe, NM

Situated on a large, secluded, and serene 2 acre north-side estate, an exquisite transformation has taken place. The two levels of the main house have been opened and expanded, resulting in a thoughtful home filled with natural light. Walls of windows look upon treetops, fabulous Jemez Mountain and sunset views, and abundant foliage and wildlife. The upper level incorporates the primary suite and two other large bedrooms, a large open concept kitchen and dining area, with Saltillo tiles and vigas flowing into the living area, capped by a dramatic kiva fireplace. For the newly imagined lower level, 1,843 sq ft were added to the original 5,307 sq ft house to create a second lower wing in the main house. The result - 7,150 sq feet with total of 6 bedrooms, remodeled upstairs kitchen, a new 2nd living room with an enclosed patio, 2 new bedrooms, a den with a kitchenette and fireplace, office space, a new laundry room, and too many other new and remodeled features to mention here. The flexibility of these spaces is abundant. Additionally, the property boasts a 1020 sq ft RV garage, recently converted into a heated and cooled artist's studio. There is also a one bedroom casita and 2 two car garages. The guest house, art studio, and one 2 car garage have a separate address and a 2nd gated entrance and the property now totals an extraordinary 8,545 sq ft of heated space on 2 landscaped acres. An amazing value.
