Easy to move in, with all the many upgrades and improvements! When you walk in the house, don't miss the large home office space, completely set-apart from the rest of the house. This generous space could be anything you envison - yoga retreat, media space, or a play area for children! When you continue into the public spaces you will appreciate the flow from dining to kitchen. Every cook enjoys a divided raised counter for serving, or showing off dessert! The kitchen is so thoughtfully laid out: gas range, center work island, and even a walk-in pantry. The living room is planned for both social and media enjoyment. And now, for the surprise! When you walk through the living to the outdoor area you will find a delightful and carefully planned entertainment yard! Completely fenced both for privacy and happy dogs: landscaped in Santa Fe style (more rock gardens than plants). The highlight is a large shaded portal, the seating/eating area is really an outdoor living room! Good coverage for sun protection, there is even a solar shade on the west side. In Santa Fe we covet outdoor spaces and this one is truly special. And now, what every buyer hopes for - 3 bedrooms with great separation. The primary bedroom is en-suite, and includes a walk-in closet plus a linen closet in the bathroom. The other two bedrooms seem private and set-apart, and both share a generous hall bathroom. All bedrooms are a good size, and if needed could become a get-away home office.

Houses in Santa Fe are all the more special if there is a garage: this one is a two-car, (+storage) and with attached direct entry. good access. And, the trip with groceries from garage to kitchen is easy! Recent work includes extensive roof upgrades, parapets re-done & stucco maintenance.
This geographical location is excellent, with easy access to 599 and many amenities. Don't miss the Chavez center: 3 pools, exercise equipment + classes, even ice-skating! This is a great place to call HOME!
