MLS® #202503619

\$1,995,000

3 Bedroom, 4.00 Bathroom,
Residential on 1.61 Acres

Monte Sereno, Santa Fe, NM

The moment you enter through the private gate, you realize this home is special in its privacy and quality construction. In all of Monte Sereno, truly unobstructed views of the Sangre de Cristo Mountains are rare, but due to adjoining lot configurations, this classic Pueblo Revival masterpiece built by Dressel Construction captures enormous views yet maintains its autonomy. The three bedroom and a study floor plan, along with high ceilings and a large portal area - are all adorned with true "high-end" finishes. The open floor plan allows for easy access to the living room/dining room/kitchen space - all of which flows to the grand outdoor portal space. The primary suite is entered through a private study area - all of which is separated from the other two bedroom suites. Architect Larry Andreen intentionally designed angles to the home to maximize the views and to avoid boring linear spaces. The finishes throughout are top-of-the-line, and exudes quality at every turn.
