Santa Fe Style Home in Tierra de Oro with Lush Gardens and Mountain Views This Santa Fe style residence sits on a quiet circle in desirable Tierra de Oro, just minutes from The Plaza. The 1.5-acre parcel is lushly landscaped with gardens, gravel paths, a koi pond with lily pads, perennials, and piñon trees—all framing soulful Sangre de Cristo mountain views. Lovingly maintained by its architect owner, the home features a thoughtful 2016 addition that introduced a light-filled den opening to the kitchen and an art studio that could also serve as a third garage. A proper foyer leads into a grand living room with front and rear viewing windows, Saltillo tile floors, and a kiva fireplace. The kitchen flows to the den and dining area, with its own fireplace and access to the covered grilling and dining portal. The split floor plan includes a spacious primary suite with a sitting area and garden views, while two guest bedrooms share a hall bath on the opposite wing. Other highlights include wood floors, vigas and wood ceilings, both front and rear portals, and a circular drive. An attached two-car garage completes this charming home.
